

A highly motivated, Self taught Developer based in Cardiff, seeking to launch a career building Web Applications using the best development and deployment practices.

## **EDUCATION**

**Cardiff University** - MSc Computing with placement (2022 – 2024)

### **Self Learning**

- Created my own Personal Portfolio([www.lalitb.netlify.app](http://www.lalitb.netlify.app)) to showcase my projects.
- Working on my own Personal project, An E-commerce website([www.lalitbawa.netlify.app](http://www.lalitbawa.netlify.app)) which helped me to understand and learn the most in-demand skills required in the Tech Industry such as HTML, CSS, Javascript and React.
- Worked with Figma which is an online wireframing tool, mostly used by Web Designers/Developers for wireframing the design of a product. This way, I taught myself the process to convert a Figma/Adobe XD design in to a web application.

### **University**

- Learnt HTML,CSS, and how to structure a web page to be properly indexed by various search engines.
- Basics of Javascript and Python.

**Jagannath Institute of Management Sciences, Jagannath University** - Bachelor of Arts (Honours) Hospitality Management (2017 – 2020)

- Completed my dissertation on how Indian cuisine has evolved over the years.
  - Designed the structure of a fictitious mobile application 'Nearchef' which allows netizens to connect to their nearest located chef who they can hire, according to the user rating, past work experience and hourly rate.
  - Participated in the JIMS master chef competition and won at second place among 12 teams.
  - Took part in various multicultural events and worked there as a cook as well as in catering.
  - Hosted a survey for a small scale softdrink company named 'Zeera' to get a better idea on the flavours which people prefer within that locality.
- 

## **PROFESSIONAL EXPERIENCE**

**Cardiff Student Union-** Bar Assistant(Part-Time) (Nov 2022- Present)
